I'm sending a letter to Sue that will go out in today's mail. Seems like she's importing cars full of junk.

Actually, I drove by today when I was headed to Harlow Drive. Nothing in the road. She can have 2 sales a year, 3 days apiece. If people start blocking the road, you should call your coworkers!

I know you are busy doing the Sesko property again but would it be possible for you to go by Sue's again on Carr she has quite the collection again, and somedays it spills out into the road.

Thanks ☺
